CORPORATE PROFILE

Listed on the Main Board of the Singapore Exchange in October 2004, Pharmesis International Ltd. specialises in the manufacture of pharmaceutical products, including western medicine and Traditional Chinese Medicine (“TCM”).

Under our two subsidiaries, Chengdu Kinna Pharmaceutical Co., Ltd and Sichuan Longlife Pharmaceutical Co., Ltd, we specialise in the manufacturing of pharmaceutical products in the form of tablets, granules, pills, etc, including TCM formulated products for the treatment of illnesses relating to the liver and gall bladder. Additionally, our business also includes the research and development, production, sale and marketing of pharmaceutical products.

Our pharmaceutical products are sold in the People’s Republic of China (“PRC”) under the “国嘉” brand. Our main products are ATT, Gulin Gansu and Er Ding granules. Our Gulin Gansu is under the National TCM Protection List and is also the first TCM formulated products to be awarded the “Product of Designation of Origin and Geographical Indications of the PRC”.

Leveraging our strong research and development capabilities and in-house expertise in pharmaceutical products for the treatment of illnesses relating to the liver and gall bladder, we successfully improved the coating technology of ATT tablets and had received several awards in recognition of this achievement.

In 2009, we acquired a new wholly-owned subsidiary, Chengdu Pharmesis Pharmaceutical Co., Ltd. With this acquisition, the Group has successfully expanded into the distribution of pharmaceutical products.

Comprising an established extensive sales and marketing network across the PRC, our products can be found in 2,000 hospitals in many cities within the PRC. As well-recognised brand names of pharmaceutical products in PRC, Pharmesis’ line of products have received wide acceptance and numerous awards associated with delivering quality and safe products. By adopting an integrated business model, we aim to provide a one-stop solution to our customers in the PRC, with our research and development, manufacturing and distribution services.

OUR PRODUCTS

Pharmesis International Ltd., is a pharmaceutical company in the PRC which can trace its origins back to 1996.

Our pharmaceutical products include prescribed drugs and over-the-counter (OTC) drugs.

Pharmaceutical products include western medicine products and TCM formulated products under the “国嘉” brand.

Our two GMP-compliant production facilities, with a total land area of approximately 41,000 sqm, are located in Chengdu and Gulin, PRC. We emphasize strict quality control procedures for our products at every stage of our production process, from the selection of raw materials up to finished products.

LETTER TO SHAREHOLDERS

DEAR SHAREHOLDERS,

On behalf of our Board of Directors, we are pleased to present our annual report for the financial year ended 31 December 2019 (“FY2019”).

FY2019 continued to be another challenging year for the pharmaceutical industry in the People’s Republic of China (“PRC”). At the end of 2018, the State Medical Insurance Administration (SMIA) of China officially launched the National Drug Centralized Procurement Pilot Scheme (new purchase-with-target-quantity policy), commonly known as the 4+7 Scheme, with the aim to slash generic drug prices and encourage the consolidation of a fragmented system for procuring generic drugs in the country, starting with 11 major cities (4 municipalities and 7 provincial cities). Under the 4+7 scheme, the government will award the tender for generic drugs to the lowest bidders, who will be guaranteed a sale volume of 60-70% of the total market for a year across 11 major cities of China including Beijing, Shanghai, and Guangzhou. These 11 cities account for approximately one-third of the Chinese pharmaceutical market. This new policy

has led to intense price wars between pharmaceutical companies and caused a huge fall in prescribed drug prices in the pharmaceutical industry. This caused the price of some medicines to plunge over 90%, state news agency Xinhua said. The huge drop in prescribed drug prices has led to intense competition and price wars in the non-prescribed drug market as well. This has greatly impacted the Group. Consequently, the Group’s sales has decreased significantly starting from FY2019 and resulted in us reporting a net loss in FY2019.

YEAR IN REVIEW

In financial year 2019, the Group registered total revenue of RMB37.2 million, compared with revenue of RMB64.3 million in the previous year, a decrease of 42.2%. This was mainly due to lower sales of both prescribed and non-prescribed drugs, which was affected by increased competition as a result of the government’s new 4+7 scheme.

Office at Ying Bin Street (迎宾大道办公室)

The larger decline in revenue from lower margin non-prescribed drugs/distribution segment as compared to the decline in revenue from the prescribed drugs segment caused the increase in gross profit margin from 48.6% in FY2018 to 53.4% in FY2019.

Other income decreased by RMB5.0 million from RMB5.1 million in FY 2018 to RMB0.1 million in FY 2019 mainly due to lower government grant, absence of one-off relocation compensation and foreign exchange loss in FY2019.

Selling and distribution costs decreased by RMB1.9 million or 9.5% from RMB20.0 million in FY 2018 to RMB18.1 million in FY 2019 mainly due to lower revenue. Administrative costs increased by RMB3.1 million or 33.0% from RMB9.5 million in FY 2018 to RMB12.6 million in FY 2019 mainly due to the RMB1.2 million losses incurred following temporary closure of Longlife's plant as a result of severe flooding in September 2019, RMB0.1 million allowance for stock obsolescence, RMB0.3 million increase in contribution to China's Disabled Persons' Employment Security Fund and RMB1.0 million write-back of allowance for doubtful debts in FY 2018.

Other costs of RMB7.9 million in FY 2019 were RMB0.5 million impairment loss on right-of-use assets, RMB6.1 million impairment loss on Jiangyou's construction-in-progress, RMB0.5 million impairment loss on property, plant & equipment and RMB0.8 million inventories written off. Finance income decreased from RMB119,000 in FY 2018 to RMB65,000 in FY 2019, mainly due to lower interest income from cash and cash equivalents. Finance costs increased from RMB0.9 million in FY2018 to RMB1.0 million in FY 2019 mainly due to finance costs arising from lease liabilities.

As a result, the Group recorded a net loss attributable to shareholders of RMB17.7 million for FY 2019 compared to a profit of RMB1.3 million for FY 2018.

Facility at Jiangyou (江油设施)

INDUSTRY OUTLOOK

In the fourth quarter of 2019, China has expanded 4+7 Scheme to the entire country in an attempt to negotiate lower prices from drug manufacturers, heaping fresh pressure on pharmaceutical companies. In January 2020, the 4+7 Scheme was expanded to include an additional 33 drugs from the initial 25 drugs, pitting drug makers in a price war. The expansion of the 4+7 Scheme is likely to continue in this year. Starting from the year 2020, the drug, Anethole Trithione (ATT) has been withdrawn from the list of medicines eligible for reimbursement under government-backed insurance plans. The recent outbreak of the COVID-19 (Coronavirus Disease 2019) in the People's Republic of China had led to an extension of the Lunar New Year holidays and temporary closure of our production facilities in the first quarter of 2020. The Group's business environment will remain very challenging in this year as our drugs continue to face intense competition and pricing pressure. Management will remain focus on exploring ways to improve sales and managing the operations cost-effectively.

FOCUS ON RESEARCH AND DEVELOPMENT

Research and development continues to be one of the Group's focus, with the aim of improving our existing products as well as innovating new products. As part of our strategy to increase the revenue, the Group is working towards the launch of a new product this year.

APPRECIATION AND ACKNOWLEDGEMENT

On behalf of the Board, we would like to take this opportunity to express my sincere gratitude to the employees for their contributions and hard work throughout the year as well as customers and

suppliers for their continued support. We would also like to thank our Board members for their counsel and contributions. Last but not least, we must thank our shareholders for their confidence and support. Let's work hand in hand to overcome the challenges ahead!

主席及总裁献词

各位尊敬的股东，

我们谨仅代表董事会呈现截至2019年12月31日（“2019财政年”）的业绩及业务报告。

对于中华人民共和国（“中国”）的制药行业而言，2019财政年仍然是充满挑战的一年。从2018年年底开始，国家推出了“4+7”城市药品集中采购试点，通称为“4+7”计划，在11个主要城市（4个直辖市和7个省会）开始，整合分散的采购体系，目标在于大幅降低仿制药价格。在“4+7”计划下，市政府向最低价的投标者提供11个城市全年60%至70%的药品订单，包括北京，上海和广州，约占中国药品市场的三分之一。这项新政策导致制药公司之间发生激烈的价格战，并导致制处方药的价格大幅度下降。据新华社报道，这项新政策导致一些处方药的价格暴跌了超过90%。处方药价格的大幅下跌也引发了非处方药市场的激烈竞争和价格战。这对集团的业绩产生极大的影响。因此，从2019财政年开始，集团的销售大幅下降，并导致集团在2019财政年出现净亏损。

年度回顾

在2019财政年，集团的总营业收入为人民币3,720万元，同比去年的人民币6,430万元减少42.2%。这主要是由于国家推出的4+7计划导致竞争加剧，影响处方药和非处方药的销售下降。

与处方药业务的收入下降相比，较低利润的非处方药/分销业务的收入下降幅度更大，导致毛利率从2018财政年的48.6%增长至2019财政年的53.4%。

其他收入由2018财政年度的人民币510万元减少了人民币500万元至2019财政年的人民币10万元，主要是由于政府补助减少，外汇损失和2019财政年没有一次性搬迁补偿。

销售及分销成本由2018财政年的人民币2,000万元减少人民币190万元或9.5%至2019财政年的人民币1,810万元，主要是由于收入减少。行政费用由2018财政年的人民币950万元增加人民币310万元或33.0%至2019财政年的人民币1,260万元，主要由于古藜工厂在2019年9月发生洪灾而暂时关闭后蒙受人民币120万元亏损，存货跌价准备为人民币10万元，中国残疾人就业保障基金增加了人民币30万元，以及2018财政年的人民币100万元坏账准备转回。

在2019财政年的其他成本为人民币790万元，包括使用权资产的减值损失人民币50万元，江油在建工程的减值损失人民币610万元，固定资产的减值损失人民币50万元和人民币80万元的库存损失。财务收入由2018财政年度的人民币119,000元减少至2019财政年度的人民币65,000元，主要是由于现金的利息收入减少。财务费用由2018财政年的人民币90万元增加至2019财政年度的人民币100万元，主要由于租赁负债产生的财务费用。

因此，集团于2019财政年出现净亏损人民币1,770万元，而2018财政年则取得人民币130万元的净利润。

主席及总裁献词

行业展望

在2019年第四季度，中国已将4+7计划扩展到全国，降低药品价格，给制药公司施加新的压力。在2020年1月，4+7计划扩大了范围，从最初的25种药品增加了33种药品，引起制药公司之间展开价格战。4+7计划的扩展在今年应该会持续下去。自2020年开始，苗三硫药品从国家医保药品目录调出。最近在中国爆发的2019年冠状病毒病)导致春节假期延长，和生产设施在今年第一季度里被暂时关闭。集团的商业环境将继续面临激烈的竞争和价格压力。管理层将继续致力于改善销售和高效地管理运营成本。

专注于研究与开发

研发活动将继续是集团的重点之一，目的在于改善现有产品以及创新产品。作为增加营业收入的策略之一，集团正在努力于今年推出新产品。

鸣谢

我们谨代表董事会衷心感谢全体员工们全年的奉献和努力以及客户和供应商的持续支持。我们还要感谢董事会成员的咨询和奉献。最后，我们诚挚的感谢股东们的信任和支持。让我们携手努力，克服未来的挑战！

OPERATIONS & FINANCIAL REVIEW

REVENUE

The Group's FY 2019 revenue decreased by RMB27.1 million or 42.2% from RMB64.3 million in FY 2018 to RMB37.2 million in FY 2019. Revenue from Group's non-prescribed drugs/distribution segment decreased by RMB24.1 million and revenue from prescribed drugs segment decreased by RMB3.0 million.

Gross profit margin increased from 48.6% in FY 2018 to 53.4% in FY 2019 mainly due to the larger decrease in revenue from lower margin non-prescribed drugs/distribution segment as compared to the decrease in revenue from the prescribed drugs segment.

Other income decreased by RMB5.0 million from RMB5.1 million in FY 2018 to RMB0.1 million in FY 2019 mainly due to lower government grant, absence of one-off relocation compensation and foreign exchange loss in FY2019.

Selling and distribution costs decreased by RMB1.9 million or 9.5% from RMB20.0 million in FY 2018 to RMB18.1 million in FY 2019 mainly due to lower revenue. Administrative costs increased by RMB3.1 million or 33.0% from RMB9.5 million in FY 2018 to RMB12.6 million in FY 2019 mainly due to the RMB1.2 million losses incurred following temporary closure of Longlife's plant as a result of severe flooding in September 2019, RMB0.1 million allowance for stock obsolescence, RMB0.3 million increase in contribution to China's Disabled Persons' Employment Security Fund and RMB1.0 million write-back of allowance for doubtful debts in FY 2018.

Other costs of RMB7.9 million in FY 2019 were RMB0.5 million impairment loss on right-of-use assets, RMB6.1 million impairment loss on Jiangyou's construction-in-progress, RMB0.5 million impairment loss on property, plant & equipment and RMB0.8 million inventories written off. Finance income decreased from RMB119,000 in FY 2018 to RMB65,000 in FY 2019, mainly due to lower interest income from cash and cash equivalents. Finance costs increased from RMB0.9 million in FY2018 to RMB1.0 million in FY 2019 mainly due to finance costs arising from lease liabilities.

NET LOSS

As a result of the above, the Group recorded a net loss attributable to shareholders of RMB17.7 million for FY 2019 compared to a profit of RMB1.3 million for FY 2018.

FINANCIAL POSITION

The Group's non-current assets were RMB55.0 million as at 31 December 2019, an increase of RMB5.5 million from RMB49.5 million as at 31 December 2018. This was mainly due to the increase in property, plant and equipment, right of use assets and decrease in construction-in-progress.

The Group's current assets were RMB38.9 million as at 31 December 2019, a decrease of RMB39.9 million from RMB78.8 million as at 31 December 2018. This was mainly due to lower inventories, trade receivables, other receivables and cash and cash equivalents.

OPERATIONS & FINANCIAL REVIEW

The Group's current liabilities were RMB29.2 million as at 31 December 2019, an increase of RMB0.6 million from RMB28.6 million as at 31 December 2018 mainly due to higher accrued liabilities & other payables, lease liabilities and lower trade payables and tax payable.

The Group's non-current liabilities were RMB0.7 million as at 31 December 2019, mainly due to long term lease liabilities.

CASH FLOW

The Group's net cash flow from operating activities of RMB2.4 million for the FY 2019 was mainly brought by its operating loss, changes in working capital and interest and income tax paid.

Net cash used in investing activities amounted to RMB22.1 million, incurred mainly for the acquisition of non-controlling interest, additions to construction-in-progress and purchase of property, plant and machinery.

Net cash used in financing activities amounted to RMB0.3 million, incurred mainly for repayment of lease liabilities.

As at the end of 31 December 2019, the Group had a cash and cash equivalents of RMB14.7 million.

SHAREHOLDERS' FUNDS

Shareholders' funds amounted to RMB62.1 million as at 31 December 2019. With Group's net loss attributable to equity holders at RMB17.7 million in FY 2019, net loss per share was RMB76.8 cents, compared with earnings per share of RMB5.6 cents in FY 2018. Net asset value per share as at 31 December 2019 was RMB2.70.

CORPORATE GOVERNANCE STATEMENT

Pharmesis International Ltd. (the “Company”) and its Management are committed to maintaining a high standard of corporate governance to safeguard the interest of all its stakeholders.

The Singapore Exchange Securities Trading Limited (“SGX-ST”)’s Listing Manual requires an issuer to describe its corporate governance practices with specific reference to the principles and the provisions of the Code of Corporate Governance 2018 (the “Code”) in its annual report, as well as disclose any deviation from any provision of the Code and explain how the practices it had adopted are consistent with the intent of the relevant principle. This report outlines the Company’s corporate governance practices throughout the financial year with specific reference to the Code.

BOARD MATTERS

Principle 1: Board’s Conduct of its Affairs

The Board’s primary role is to protect shareholders’ interests and enhance long-term shareholders’ value. It sets the overall strategy for the Company and its subsidiaries (the “Group”) and supervises the management. To fulfil this role, the Board is responsible for setting the strategic direction for the Group, establishing goals for management and monitoring the achievement of these goals.

Apart from its statutory responsibilities, the Board’s principal functions include the following:–

- (i) approve annual reports, periodic financial announcements and accounts;
- (ii) ensure management leadership of high quality, effectiveness and integrity;
- (iii) appoint key personnel;
- (iv) review financial performance and implement financial policies which incorporate risk management, internal controls and reporting compliance; and
- (v) assume responsibility for corporate governance framework of the Company.

To assist in the execution of its responsibilities, the Board is supported by a number of committees which include a Nominating Committee, a Remuneration Committee and an Audit Committee. These committees have written mandates and operating procedures, which are reviewed on a regular basis.

The Group has adopted and documented internal guideline setting for the matters that require Board approved. Matters which are specifically reserved for decision of the full Board include:–

- (i) approve the Group’s corporate and strategic directions;
- (ii) approve annual budgets, investment and divestment proposals;
- (iii) material acquisition and disposal of assets;
- (iv) capital-related matters including financial re-structure, market fund-raising; share issuance, interim dividend and other returns to shareholder; and
- (v) convening of general meetings.

CORPORATE GOVERNANCE STATEMENT

The Board meets at least four (4) times a year to oversee the business affairs of the Group and approve any financial or business strategies or objectives. Where necessary, additional Board meetings and committee meetings are held to deliberate on urgent substantive matters. Telephonic attendance and conference via audio communication at Board meetings are allowed under the Company's Articles of Association.

Where Board Meetings are not convened, the Board may use circular resolution in writing to sanction certain decisions. Directors facing conflict of interest will recuse themselves from discussions and decisions involving the issues of conflict.

The details of the number of Board and Board Committees meetings held during the financial year and the attendance of each Board member at those meetings are disclosed as follows:

Name	Board		Audit Committee		Remuneration Committee		Nominating Committee	
	No. of meetings held	No. of meetings attended	No. of meetings held	No. of meetings attended	No. of meetings held	No. of meetings attended	No. of meetings held	No. of meetings attended

Any newly appointed Directors will be given an orientation to the Group's operational facilities in the People's Republic of China ("PRC") and meet up with senior management to provide background information about the Group's history and business operations. A formal letter of appointment will be furnished to the newly appointed director, upon his appointment during the financial year, explaining among other matters, the roles, obligations, duties and responsibilities as a member of the Board. In addition, the Board is provided with regular updates with respect to new laws, rules, regulations, listing requirement, governance practices and other regulations in order to adapt to the changing commercial risks relating to the business and operations of the Group. If the newly appointed Director has no prior experience as a director of a SGX-ST listed company, they are also required to attend courses and training organised by institutions such as the Singapore Institute of Directors, the Accounting and Corporate Regulatory Authority and the SGX-ST.

From time to time, the directors are furnished with detailed information concerning the Group to enable them to be fully aware and understand the decisions and actions of the management of the Group. The Board has unrestricted access to the Group's records and information. As a general rule, Board papers are required to be sent to directors at least four (4) days before Board meeting so that members may better understand the matters before the Board meeting and discussion may be focused on questions that the Board has about the Board papers. The Board papers include sufficient information from the management on financial, business and corporate issues to enable the directors to be properly briefed on issues to be considered at Board meetings.

The independent directors have separate and independent access to the Group's senior management and Company Secretary at all times. The appointment and removal of the company secretary are subject to the approval of the Board. The Board also takes independent professional advice as and when necessary to enable them to discharge their responsibilities effectively. Subject to the approval of the Chairman, Directors, whether as a group or individually, may seek and obtain independent professional advice to assist them in their duties, at the Company's expense.

CORPORATE GOVERNANCE STATEMENT

Principle 2: Board Composition and Guidance

The Board comprises five (5) Directors: Two (2) Independent Directors, two (2) Executive Directors and one (1) Non-Independent Non-Executive Director. Their collective experience and contributions are valuable to the Group. The Directors as at the date of this report are listed as follows: -

Mr. Wu Xuedan	Chief Executive Officer and Executive Director
Mr. Qi Jie	Chief Operating Officer and Executive Director
Mr. Chew Heng Ching	Independent Non-Executive Chairman
Mr. Chay Kwok Kee	Independent Non-Executive Director
Ms. Chung Chia-Jung	Non-Independent Non-Executive Director

The Independent Directors have confirmed that they do not have any relationship with the Company or its related Companies or its substantial shareholders or its officers that could interfere or be reasonably perceived to interfere, with the exercise of the director's independent business judgment with a view to the best interest of the Company. Meanwhile, Nominating Committee ("NC") will review the independence of each director annually, bearing in mind the circumstances set forth in the Code.

The Board constantly examines its size with a view to determining the number for effective decision-making. The Board is of the view that its current size is appropriate, which facilitates effective decision-making.

Mr. Chew Heng Ching ("Mr. Chew HC") was appointed as an Independent Director on 9 November 2005 and has served the Board for more than nine (9) years. The NC has conducted a rigorous review on Mr. Chew HC's independence and together with the Board, considers him to be independent. Mr. Chew HC is independent in character and judgment and has no relationships or circumstances which are likely, or could appear to affect his objectivity and independent judgment.

The Company does not have a Board diversity policy but it consists of professionals from various disciplines. The Board conducts an annual review to assess if the existing attributes and core competencies of the Board are complementary and contributes to the efficacy of the Board. This enables the Board to maintain or enhance balance and diversity within the Board.

The directors bring with them a wealth of expertise and experience in areas such as accounting, finance, business or management experience and industry knowledge. The current Board composition enables the management to benefit from a diverse and objective perspective on any issues raised before the Board. Key information of directors is set out on pages 12 to 14 of this Annual Report. No individual or group of individuals dominates the Board's decision-making process.

The Independent and Non-Executive Directors constructively challenge and help to develop the proposals on strategy of the Company. They also review and monitor the performance of the Management. The Independent and Non-Executive Directors meet informally without the presence of Management to discuss the affairs of the Company as and when required.

Principle 3: Chairman and Chief Executive Officer

The Board subscribes to the principles set out in the Code on the separation of the roles of the Chairman and the Chief Executive Officer ("CEO"). The roles and responsibilities of the Chairman and CEO in the Company are distinct and separate. This is to ensure appropriate balance of power and authority, accountability and decision making.

The Chairman and the CEO are not related to each other. The CEO is responsible for the day-to-day management of the affairs of the Group. He takes a leading role in developing and expanding the businesses of the Group and ensures that the Board is kept updated and informed of the Group's business.

CORPORATE GOVERNANCE STATEMENT

The Chairman's responsibilities include:

- (i) scheduling meetings and leading the Board to ensure its effectiveness and approves the agenda of Board meetings in consultation with the CEO;
- (ii) reviewing key proposals and Board papers before they are presented to the Board and ensures that Board members are provided with accurate and timely information;
- (iii) ensuring that Board members engage Management in constructive debate on various matters including strategic issues and business planning processes; and
- (iv) promoting high standards of corporate governance.

Given that the roles of the Chairman and CEO are separate and the Chairman is independent, no Lead Independent Director is required to be appointed.

Nominating Committee ("NC")

Principle 4: Board Membership

Principle 5: Board Performance

The NC comprises the following directors, the majority of whom including the Chairman is independent. The Chairman is not associated with the substantial shareholders of the Company:

Mr. Chew Heng Ching	Independent Non-Executive Chairman	(Chairman)
Mr. Chay Kwok Kee	Independent Non-Executive Director	(Member)
Mr. Wu Xuedan	CEO and Executive Director	(Member)

The Board has approved the written terms of reference of the NC, whose principal functions include the following:

- (i) make recommendations to the Board on all Board appointments taking into account the director's contribution and performance;
- (ii) review the Board's structure, size and composition, having regard to the principles of corporate governance and the Code;
- (iii) procure at least one-third (1/3) of the Board shall comprise of independent directors (or such other minimum proportion and criteria as may be specified in the Code from time to time);
- (iv) identify and nominate candidates for the approval of the Board to fill vacancies in the Board as and when they arise;
- (v) formulate succession plan;
- (vi) determine, on an annual basis, whether a director is independent based on the circumstances set forth in the Code;
- (vii) recommend directors who are retiring by rotation to be put up for re-election;

CORPORATE GOVERNANCE STATEMENT

- (viii) decide whether or not a director is able to carry out and has been adequately carrying out his duties as a director of the Company, particularly when he has multiple board representations and other principal commitments;
- (ix) assess the effectiveness of the Board as a whole and assess the contribution of each individual director to the effectiveness of the Board on an annual basis;
- (x) recommend to the board on the review of training and professional development programs for the Board, and;
- (xi) conduct rigorous review the independence of the director who had served on board beyond nine (9) years from the date of his appointment.

Board member's others directorships and principal commitment are disclosed as follows:

Name of Director	Nature of Appointment	Date of Initial Appointment	Date of Last Re- election	Membership of Board Committee	Directorship in other Listed Companies and other Principal Commitment

CORPORATE GOVERNANCE STATEMENT

Name of Director	Nature of Appointment	Date of Initial Appointment	Date of Last Re- election	Membership of Board Committee	Directorship in other Listed Companies and other Principal Commitment
Mr. Chay Kwok Kee	Independent Director	27 April 2018	26 April 2019	Member of Nominating Committee, Remuneration Committee and Audit Committee	–

Information in respect of the academic and professional qualifications, and other appointments for each Director is disclosed in the “Board of Directors” section of the Annual Report. In addition, information on shareholdings in the Company and its related companies held by each Director is set out in the “Directors’ Statement” section of the Annual Report.

Pursuant to the Company’s Articles of Association, all directors must submit themselves for re-election at the Annual General Meeting (“AGM”) at least once every three years and all newly appointed directors during the year shall retire at the next AGM. Retiring Directors are eligible for re-election.

The NC has recommended to the Board that Mr. Qi Jie and Ms. Chung Chia-Jung are due for retirement by rotation under Article 91 be nominated for re-election at the forthcoming AGM. In making its recommendation, the NC evaluates such directors’ contribution and performance, such as their attendance at meetings of the Board and Board Committees, where applicable, candour and any special contributions. As part of the appointment and re-appointment process, the NC will also consider whether a director with multiple board representations is able to carry out, and has been devoting sufficient time to adequately carry out his duties as a Director of the Company, with regard to the director’s number of listed company board representations and other principal commitments.

The Board does not prescribe a maximum limit on the number of listed company board representations a director may hold, as the Board believes that a director can only determine by himself the number of board representations he can manage and the more appropriate measure is the ability of such Director to contribute effectively and demonstrate commitment to his role, including commitment of sufficient time and attention to the Group’s business and affairs.

The NC is also responsible for determining annually, the independence of directors. In its annual review, the NC, having considered the provisions set out in the Code, has confirmed the Non-Executive Directors namely, Mr. Chew Heng Ching and Mr. Chay Kwok Kee are independent. The NC have reviewed and is satisfied that sufficient time and attention are being given by the Directors to the affairs of the Company, notwithstanding that some of the Directors have multiple board representations.

The NC has an annual Board performance evaluation to assess the effectiveness of the Board as a whole and the contribution of each director to the effectiveness of the Board by having the directors complete a questionnaire. The findings were analysed and discussed with a view to implementing certain recommendations to further enhance the effectiveness of the Board.

The NC, in assessing the contribution of each director, had considered his attendance and participation at Board and Board Committee Meetings, his qualification, experience and expertise and the time and effort dedicated to the Group’s business and affairs including management’s access to the directors for guidance or exchange of views as and when necessary. In assessing the effectiveness of the Board as a whole, both quantitative and qualitative criteria are considered. Such criteria include return on equity and the achievement of strategic objectives.

The Company does not engage an external facilitator in respect of the Board Performance Evaluation.

CORPORATE GOVERNANCE STATEMENT

The search and nomination process for new directors are through personal contacts and recommendations of the Director. The NC will review and assess candidates before making recommendation to the Board. The NC will also take the lead in identifying, evaluating and selecting suitable candidate for new directorship. In its search and selection process, the NC considers factors such as commitment and the ability of the prospective candidate to contribute to discussions, deliberations and activities of the Board and Board Committees.

REMUNERATION MATTERS

Remuneration Committee (“RC”)

Principle 6: Procedures for Developing Remuneration Policies

Principle 7: Level and Mix of Remuneration

Principle 8: Disclosure on Remuneration

The RC comprises solely Independent Directors. The members of the RC are:

Mr. Chew Heng Ching	Independent Non-Executive Director	(Chairman)
Mr. Chay Kwok Kee	Independent Non-Executive Director	(Member)

The RC comprises two (2) members, who are the only independent directors of the Board. The Board believes that the current structure and membership of the RC is beneficial to the Company and minimise the risk of any potential conflict of interest.

The role of the RC is to review and recommend to the Board a general framework of remuneration for the Board and key management personnel of the Group, including but not limited to director’s fees, salaries, allowances, bonuses, options, share-based incentives and rewards, and benefit in kind.

The RC may from time to time, and where necessary or required, engage external consultants in framing the remuneration policy and determining the level and mix of remuneration for Directors and Management. Among other things, this helps the Company to stay competitive in its remuneration packages. During the financial year ended 31 December 2019, there is no remuneration consultant being appointed.

The RC, in establishing the framework of remuneration policies for its directors and key executives is largely guided by the financial performance of the Company. The primary objective of the RC is to align the interests of management with that of the shareholders. In this regard, the RC believes that remuneration should be competitive and sufficient to attract, retain and motivate the Executive Directors and key executives to better manage the Company. The performance of Executive Directors (include other key management personnel) is reviewed periodically by the RC and the Board for the entitlement on the long term incentive scheme which is put in place to motivate and reward employees and align their interest to maximize long-term shareholder value.

The Executive Directors do not receive directors’ fees. The remuneration package adopted for the Executive Directors are as per service contract entered into between the Executive Directors and the Company. The remuneration policy for Executive Directors and the key management personnel consists of basic salary component and a variable component which is the annual bonus, based on the performance of the Group as a whole and their individual performance.

The Board recommends a fixed fee for the effort, time spent and responsibilities for each of the independent and non-executive directors. The Chairman of the Board and the various committees are remunerated with higher directors’ fees, which corresponds with the higher level of responsibility. Directors’ fees are recommended by the Board for approval by the shareholders at the AGM of the Company.

CORPORATE GOVERNANCE STATEMENT

The Company does not use contractual provisions to allow the Company to reclaim incentive component of remuneration from Executive Directors and key management personnel in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss to the Company. The Company should be able to avail itself to remedies against the Executive Directors in the event of such breach of fiduciary duties.

The RC met once during the financial year. The RC reviewed and recommends the remuneration of the Executive Directors and fees payable to the Non-Executive Directors.

All members of RC are abstained from deciding on its own remuneration.

In preparation for the extent of termination of executive directors' and key management personnel's contract of service, the RC reviews such contracts of services and institutes safeguards for fair and reasonable termination clauses which are not overly generous.

A list of each Non-Executive and the Executive Director's remuneration paid during the financial year ended 31 December 2019 is shown below:

Remuneration Band and Name of Director	Base Salary ^(a) %	Variable Payment ^(b) %	Other Benefits ^(c) %	Directors' Fee ^(d) %	Total %
Below S\$250,000					
Mr. Wu Xuedan	100	–	–	–	100
Mr. Chew Heng Ching	–	–	–	100	100
Mr. Qi Jie	100	–	–	–	100
Ms. Chung Chia-Jung	–	–	–	100	100
Mr. Chay Kwok Kee	–	–	–	100	100

(a) Base salary includes fixed allowance, contractual bonus and employer's CPF contribution.

(b) Variable Payment includes performance bonus and non-contractual bonus.

(c) Other Benefits refer to benefit-in-kind such as club and car benefits.

(d) The Directors' fees for the financial year ended 31 December 2019 has been approved by the shareholders at the AGM held on 26 April 2019.

Remuneration of Key Management Personnel

The Company has only one key management personnel (who is not a Director or CEO of the Company) and that is Mr. Liang Chan Hoe, the Financial Controller. His annual remuneration for the financial year under review comprising 100% in salary and is less than S\$250,000.

For competitive reason, the Company is not disclosing each individual Director's remuneration. Instead, the Company is disclosing the remuneration of each Director in bands of S\$250,000.

There is no employee of the Group who is substantial shareholder of the Company, or an immediate family member of the director, the CEO or a substantial shareholder of the Company and whose remuneration exceeds S\$100,000 during the financial year ended 31 December 2019.

The Company does not adopt any Employee Share Scheme.

The RC has reviewed and is satisfied that the performance conditions were met for financial year ended 31 December 2019.

CORPORATE GOVERNANCE STATEMENT

ACCOUNTABILITY AND AUDIT

Principle 9: Risk Management and Internal Controls

The Board is responsible for the overall internal control framework and is fully aware of the need to put in place a system of internal controls within the Group to safeguard shareholders' interests and the Group's assets, and to manage risks. The Board recognises that no cost effective internal control system will preclude all errors and irregularities, as a system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against material misstatement or loss. The Board regularly reviews the effectiveness of all internal controls including operational controls. The role of risk management has been delegated to the Audit Committee ("AC").

Based on the internal control system established and maintained by the Group, work performed by the internal and external auditors and reviews performed by management, the Board with the concurrence of the AC is of the opinion that there are adequate internal controls systems in the Company in addressing financial, operational, compliance and information technology controls and risk management systems as at 31 December 2019.

The Board has received assurance from the CEO and the Financial Controller that the financial records as at 31 December 2019 have been properly maintained and the financial statements give a true and fair view of the Group's operations and finances. The Board has also received assurance from the CEO and Financial Controller that the Group's risk management and internal control systems are adequate and effective.

Principle 10: Audit Committee

The AC comprises mainly Independent Directors. The members of the AC are:

Mr. Chew Heng Ching	Independent Non-Executive Chairman	(Chairman)
Mr. Chay Kwok Kee	Independent Non-Executive Director	(Member)
Ms. Chung Chia-Jung	Non-Independent Non-Executive Director	(Member)

The Chairman and members of the AC have many years of experience in business management and finance. The Board is of the view that the members of the AC have sufficient financial management expertise and experience to discharge the AC's functions.

The responsibilities of the AC include reviewing the scope and results of the audit and its cost effectiveness, the independence and objectivity of the external auditors, significant financial reporting issues and judgments to ensure the integrity of the external auditors, significant financial reporting issues and judgments to ensure the integrity of the financial statements, any formal announcements relating to the Group's financial performance, reviewing the assurance from the CEO and the Financial Controller on the financial records and financial statements, the adequacy of the Group's internal controls including financial, operational, compliance and information technology controls and risk management systems, the effectiveness of the Group's internal audit function, and recommending to the Board on the appointment, re-appointment and removal of the external auditors.

Management has arranged in place for a Whistle Blowing policy, by which staff of the Group may, in confidence, raise concerns about the possible improprieties in matters of financial reporting or other matters with the AC. The objective for such arrangement is to ensure independent investigation of such matters and for appropriate follow-up action. There was no whistle blowing report received during the financial year.

The AC also has explicit authority to investigate any matters within its terms of reference, full access to and cooperation by management and full discretion to invite any director or executive officer to attend its meetings and reasonable resources to enable it to discharge its functions properly.

CORPORATE GOVERNANCE STATEMENT

During the financial year, the AC held four (4) meetings and met with internal and external auditors, without the presence of the Company's management, at least once a year to review the overall scope of both internal and external audits, and the assistance given by the management to the auditors. The AC received updates on changes in accounting standards and corporate governance from the external auditors periodically.

During the financial year, the AC has reviewed the scope and quality of audit by the external auditors and the independence and objectivity of the external auditors as well as the cost effectiveness. The AC also reviewed the audit and non-audit fees paid to the external auditors. The total amount paid to the external auditors during the financial year is S\$184,000, comprising of S\$181,000 audit fee and S\$3,000 non-audit fee. The non-audit fee is 2% out of the total audit fee paid to the external auditors. The AC, having reviewed all non-audit services provided by the external auditors of the Group, is satisfied that the nature and extent of such services would not affect the independence of the external auditors.

The Group does not appoint different auditors for its significant subsidiaries or associated companies.

The Company is in compliance with Rule 712 and Rule 715 of the SGX-ST's Listing Manual in relation to its external auditors.

The AC has recommended and the Board has approved the nomination of Ernst & Young LLP for re-appointment as the external auditors of the Company at the forthcoming AGM.

No former Partner or Director of the Company's existing auditing firm or auditing corporation has acted as a member of the Company's AC: (a) within a period of two years commencing on the date of his/her ceasing to be a Partner of the auditing firm or Director of the auditing corporation; and in any case (b) for as long as he/she has any financial interest auditing firm or auditing corporation.

The Company has outsourced the internal audit function to a professional firm. The Internal Auditor reports directly to the Chairman of the Audit Committee ("AC") on internal audit matters and to management on administrative matters. To ensure the adequacy of the internal audit function, the AC reviews and approves, on an annual basis, the internal audit plans and the resources required to adequately performing this function.

The AC has reviewed and satisfied that the Company's internal audit function is adequately resourced and has appropriate standing within the Company. The AC is also satisfied that the internal audit function is staffed by suitably qualified and experienced professionals with the relevant experience. The internal auditor is guided by the International Standards for the Professional Practice of Internal Auditing (IIA Standards) issued by the Institute of Internal Auditors.

The Company cooperates fully with the Internal Auditor in terms of allowing unfettered access to all the Company's documents, records, properties and personnel, including access to the AC.

SHAREHOLDER RIGHTS AND RESPONSIBILITIES

Principle 11: Shareholder Rights and Conduct of General Meetings

Principle 12: Engagement with Shareholder

The Board is mindful of the obligation to provide regular, effective and fair communication with shareholders. Information is communicated to the shareholders on a timely basis. The Board provides shareholders with an assessment of the Company's performance, position and prospects on a quarterly basis and other ad hoc announcements as required by the SGX-ST. The Company's Annual Report is sent to all shareholders and is available to other investors on request and accessible at the Company's website.

CORPORATE GOVERNANCE STATEMENT

The Board welcomes the views of shareholders on matters affecting the Company, whether at general meetings or on an ad-hoc basis. Shareholders are encouraged to participate effectively in and to vote at the general meetings. Shareholders are informed of general meetings through notices published in the newspapers and reports or circulars sent to all shareholders. Each item of special business included in the notice of the meeting is accompanied by an explanation for the proposed resolution. Separate resolutions are proposed for substantially separate issues at the meeting. The Chairmen of the Audit, Remuneration and Nominating Committees are normally available at the meeting to answer those questions relating to the work of these committees. The external auditors are also present to assist the directors in addressing any relevant queries by shareholders. The Company communicates with the Shareholders and attends to their questions raised during the AGM.

The Company does not have an investor policy but consider advice from its corporate lawyers and professionals on appropriate disclosure requirements before announcing material information to shareholders.

Shareholders may also provide any feedback they may have about the Company to the Company's email at enquiry@pharmesis.com.

The Company does not have a specific dividend policy. Nonetheless, the management after reviewing the performance of the Company in the relevant financial year will make appropriate recommendation to the Board. Any dividend declaration will be communicated to shareholders via announcement through SGXNet.

No dividend was declared for the financial year ended 31 December 2019 in view of the accumulated losses.

The Company's Articles of Association allows a member of the Company to appoint one or two proxies to attend and vote at general meetings. A relevant intermediary may appoint more than two (2) proxies, but each proxy must be appointed to exercise the rights attached to a different share or shares held by him (which number and class of shares shall be specified). The Company will review its Articles of Association from time to time and make such amendments to the Articles of Association to be in line with the applicable requirements or rules and regulations governing the Continuing Listing Obligations of the SGX-ST's Listing Manual.

The Company will prepare the detailed shareholders' meeting minutes, which include comments and the questions received from the shareholders and responses from the Board and the Management. These minutes are made available to shareholders on SGXNet as soon as practicable.

The Company communicates with shareholders and the investment community through timely release of announcements to the SGX-ST via SGXNet, including the Company's financial results announcements which are published through the SGXNet on a quarterly basis. Financial results announcements and annual reports are announced or issued within the mandatory period prescribed. The Directors are normally available to solicit and try to understand the views of the shareholders before and/or after general meetings of the Company.

To promote greater transparency and effective participation, the Company has conducted the voting of all its resolutions by poll since its 2015 AGM. The detailed voting results, including the total number of votes cast for or against each resolution tabled, were announced immediately at the AGMs and via SGXNet.

The Article of Association allows Directors, at their sole discretion, approve and implement, subject to such security measures as may be deemed necessary or expedient, such voting methods to allow members who are unable to vote in person at any general meeting the option to vote in absentia, including but not limited to vote by mail, electronic mail or facsimile.

The Board does not implement absentia-voting methods by mail, electronic mail or facsimile, until issues on security and integrity are satisfactorily resolved.

CORPORATE GOVERNANCE STATEMENT

MANAGING STAKEHOLDERS RELATIONSHIPS

Principle 13: Engagement with Stakeholders

The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to secure the long term future of the Company. The Company's efforts on sustainability are focused on creating sustainable value for our key stakeholders, which include communities, customers, staff, regulators, shareholders and vendors.

The Company maintains a corporate website at www.pharmesis.com to communicate and engage stakeholders.

Dealings In Securities

The Company has adopted as its own internal compliance code, the best practices guide in Rule 1207(19) of the SGX-ST's Listing Manual with regard to dealing in the Company's securities by the directors and its officers. The Directors, management and officers of the Group are prohibited from dealing in the Company's shares on short-term considerations and while they are in possession of unpublished price-sensitive, financial or confidential information. There was no change in any of the above-mentioned interests in the Company between the end of the financial year and 21 January 2020.

Except as disclosed in this statement, no director who held office at the end of the financial year had interests in shares, shares options, warrants or debentures of the Company, or of related corporations, either at the beginning of the financial year or at the end of the financial year.

5. Options

During the financial, no option to take up unissued shares of the Company was granted.

6. Audit Committee

The members of the audit committee ("AC") at the date of this statement are as follows:

Chew Heng Ching	Chairman and Independent Non-Executive Director
Chay Kwok Kee	Independent Non-Executive Director
Chung Chia-Jung	Non-Independent Non-Executive Director

The AC carried out its functions in accordance with section 201B (5) of the Singapore Companies Act, Chapter 50, including the following.

- Reviewed the audit plans of the internal and external auditors of the Group and the Company, and reviewed the internal auditor's evaluation of the adequacy of the Company's system of internal accounting controls and the assistance given by the Group and the Company's management to the external and internal auditors
- Reviewed the quarterly and annual financial statements and the auditor's report on the annual financial statements of the Group and the Company before their submission to the board of directors
- Reviewed effectiveness of the Group and Company's material internal controls, including financial, operational and compliance controls and risk management via reviews carried out by the internal auditor
- Met with the external auditor, other committees, and management in separate executive sessions to discuss any matters that these groups believe should be discussed privately with the AC

DIRECTORS' STATEMENT

- Reviewed legal and regulatory matters that may have a material impact on the financial statements, related compliance policies and programmes and any reports received from regulators
- Reviewed the quality, cost effectiveness and the independence and objectivity of the external auditor
- Reviewed the nature and extent of non-audit services provided by the external auditor
- Recommended to the board of directors the external auditor to be nominated, approved the compensation of the external auditor, and reviewed the scope and results of the audit
- Reported actions and minutes of the AC to the board of directors with such recommendations as the AC considered appropriate
- Reviewed interested person transactions in accordance with the requirements of the Singapore Exchange Securities Trading Limited's Listing Manual

The AC, having reviewed all non-audit services provided by the external auditor to the Group, is satisfied that the nature and extent of such services would not affect the independence of the external auditor. The AC has also conducted a review of interested person transactions.

The AC convened four meetings during the financial year as shown in the Corporate Governance Statement. The AC has also met with internal and external auditors, without the presence of the Company's management, at least once a year.

Further details regarding the AC are disclosed in the Corporate Governance Statement.

7. Auditor

Ernst & Young LLP have expressed their willingness to accept reappointment as auditor.

INDEPENDENT AUDITOR'S REPORT

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2019

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PHARMESIS INTERNATIONAL LTD.

Report on the audit of the financial statements

Opinion

We have audited the financial statements of Pharmesis International Ltd. (the "Company") and its subsidiaries (collectively, the "Group"), which comprise the statements of financial position of the Group and the Company as at 31 December 2019, the statements of changes in equity of the Group and the Company and the consolidated income statement, consolidated statement of comprehensive income and consolidated statement of cash flows of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group, the statement of financial position and the statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2019 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and changes in equity of the Company for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have fulfilled the responsibilities described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

INDEPENDENT AUDITOR'S REPORT

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2019

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PHARMESIS INTERNATIONAL LTD.

Key audit matters (cont'd)

Impairment assessment of non-financial assets

The Group's goodwill on consolidation, property, plant and equipment and right-of-use assets amounted to RMB1,323,000, RMB45,970,000 and RMB7,716,000 respectively as at 31 December 2019. These carrying amounts are tested for impairment whenever there are indications of impairment. Management has identified indications of impairment on these non-financial assets which are attributable to 4 cash generating units ("CGUs") namely Sichuan Longlife, Kinna Packing Services, Chengdu Kinna Western Drugs and JiangYou. Following the management's impairment assessment, property, plant and equipment and right-of-use assets were recorded to write down the carrying amounts of RMB6,570,000 and RMB493,000 respectively.

As disclosed in Notes 9, 11 and 13, the recoverable amounts of these assets have been determined based on value in use calculations or fair value less cost of disposal model.

We considered the audit of management's impairment test of non-financial assets to be significant because their carrying amounts represented 59% of the Group's total assets as at 31 December 2019 and in determining the value in use calculations, it involved management's subjective and complex judgements regarding growth rate, expectation of future market developments and economic conditions. Furthermore, significant judgement has been applied by management in determining the applicable discount rate used in the impairment test.

The value in use calculation uses cash flow projection approved by management and an appropriate discount rate. The cash flow projection included key assumptions of the CGU's future revenue, profitability and related growth expectation.

Value in use calculations

Our audit procedures included, amongst others:

- Checked that the cash flows were based on approved management budget that reflected Sichuan Longlife and Chengdu Kinna Western Drugs business plan representing the 2 CGUs; and evaluated management's forecasting process by comparing previous forecast to actual result.
- Evaluated the key assumptions used such as budgeted growth rate, budgeted revenue and gross margin by comparing them to historical data as well as recent trends and market and economic outlooks of the CGUs.
- Evaluated the reasonableness of discount rate used to determine present value of the cash flows by considering the key inputs and risks of the cash flow projection, and making comparison to external observable data.
- Assessed the adequacy of the disclosures on the impairment in Note 9.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PHARMESIS INTERNATIONAL LTD.

Key audit matters (cont'd)

Impairment assessment of non-financial assets (cont'd)

Fair value less cost of disposal model

Our audit procedures included, amongst others:

- Evaluated the objectivity, independence and competence of the independent valuer.
- Discussed with management and independent valuer to understand and assess the appropriateness of the valuation models, data and assumptions on transactions price for market comparable assets adjusted for location, size, and condition.
- Involved our valuation specialists to assist us in assessing the appropriateness of the data and assumptions used.
- Reviewed the results of the impairment assessment performed by management by comparing the carrying values of the cash-generating units to their respective recoverable amounts.
- Assessed the adequacy of the disclosures on the impairment in Notes 9,11 and 13.

Impairment assessment of trade receivables

The Group's trade receivable balances amounted to RMB13,557,000 and accounts for approximately 14% of the Group's total assets as at 31 December 2019. At that date, the total allowance for expected credit loss ("ECL") and impairment of trade receivables amounted to RMB365,000.

The Group determines ECL and impairment of trade receivables by making debtor-specific assessment of expected impairment loss for long overdue trade receivables using a provision matrix for remaining trade receivables that is based on its historical credit loss experience, adjusted for current and forward-looking information specific to the debtors and economic environment.

We considered management's impairment assessment of trade receivables to be a key audit matter as the assessment of impairment of trade receivables involved significant management's judgements and estimates on trade receivables' ability to pay.

Our audit procedures included, amongst others:

- Evaluated the Group's processes and controls relating to the monitoring of trade receivables and review of credit risks of customers.
- On a sample basis, requested trade receivable confirmations and evidence of receipts from the customers subsequent to the year end.
- Evaluated management's assumptions and inputs used in the computation of historical credit loss rates and reviewed data and information that management has used to make forward-looking adjustments.
- Checked the arithmetic accuracy of management's computation of ECL and impairment recognised.
- Assessed the adequacy of the disclosures on the trade receivables, expected credit losses and the related risks such as credit risk and liquidity risk in Notes 15 and 24.

INDEPENDENT AUDITOR'S REPORT

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PHARMESIS INTERNATIONAL LTD.

Key audit matters (cont'd)

Other information

Management is responsible for other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and directors for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSS, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- * Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

INDEPENDENT AUDITOR'S REPORT

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2019

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PHARMESIS INTERNATIONAL LTD.

Auditor's responsibilities for the audit of the financial statements (cont'd)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationship and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Adrian Koh.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2019

1. General

Pharmesis International Ltd. (the “Company”) is a limited liability company incorporated in Singapore and is listed on the Singapore Exchange. The registered office and principal place of business of the Company is located at 5 Kallang Sector #03-02, Singapore 349279.

The principal activity of the Company is investment holding. The principal activities of the subsidiaries are set out in Note 12 of the financial statements. There have been no significant changes in the nature of these activities during the year.

The Group operates principally in the People’s Republic of China (“PRC”).

2. Summary of significant accounting policies

2.1 Basis of preparation

The consolidated financial statements of the Group and the statement of financial position and the statement of changes in equity of the Company have been prepared in accordance with Singapore Financial Reporting Standards (International) (“SFRS(I)”).

The financial statements have been prepared on the historical cost basis except as disclosed in the accounting policies below.

The financial statements are presented in Renminbi (“RMB”) and all values in the tables are rounded to the nearest thousands (RMB’000) unless otherwise indicated.

2.2 New accounting standards effective on 1 January 2019

The accounting policies adopted are consistent with those of the previous financial year except in the current financial year, the Group has adopted all the new and revised standards and interpretations which are effective for annual financial periods beginning on or after 1 January 2019. Except for SFRS(I) 16 as described below, the adoption of these standards and interpretations did not have any material effect on the financial performance or position of the Group.

SFRS(I) 16 Leases

SFRS (I) 16 supersedes SFRS (I) 1-17 Leases, SFRS(I) INT 4 Determining whether an Arrangement contains a Lease, INT SFRS(I) 1-15 Operating Leases-Incentives and SFRS (I) 1-27 Evaluating the Substance of Transactions Involving the Legal Form of a Lease. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to recognise most leases on the balance sheet.

Lessor accounting under SFRS (I) 16 is substantially unchanged from SFRS (I) 1-17. Lessors will continue to classify leases as either operating or finance leases using similar principles as in SFRS (I) 1-17. Therefore, SFRS (I) 16 did not have an impact for leases where the Group is the lessor.

2. Summary of significant accounting policies (Continued)

2.2 New accounting standards effective on 1 January 2019 (Continued)

SFRS (I) 16 Leases (Continued)

The Group adopted SFRS (I) 16 using the modified retrospective method of adoption with the date of initial application of 1 January 2019. The Group, on a lease-by-lease basis, measured the right-of-use asset at an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the balance sheet immediately before 1 January 2019.

In addition, the Group also elected the following practical expedients:

- not to reassess whether a contract is, or contains a lease at the date of initial application and to apply SFRS(I) 16 to all contracts that were previously identified as leases;
- to apply the exemption not to recognise right-of-use asset and lease liabilities to leases for which the lease term ends within 12 months as of 1 January 2019;
- to apply a single discount rate to a portfolio of leases with reasonably similar characteristics.

2.3 Standards issued but not yet effective

The Group has not adopted the following standards applicable to the Group that have been issued but not yet effective:

Description	Effective for annual periods beginning on or after
Amendments to SFRS(I) 10 and SFRS(I) 1-28 <i>Sale or Contribution of Assets between an Investor and its Associate or Joint Venture</i>	To be determined **
<i>Amendments to References to the Conceptual Frame in SFRS(I) Standards</i>	1 January 2020
Amendments to SFRS(I) 3: <i>Definition of a Business</i>	1 January 2020
Amendments to SFRS(I) 1-1 and SFRS(I) 1-8: <i>Definition of Material</i>	1 January 2020
Amendments to SFRS(I) 9, SFRS(I) 1-39 and SFRS(I) 7: <i>Interest Rate Benchmark Reform</i>	1 January 2020
SFRS(I) 17 <i>Insurance Contracts</i>	1 January 2021

** The mandatory effective date of this Amendment had been revised from 1 January 2016 to a date to be determined by the ASC in December 2015 via Amendments to Effective Date of Amendment to SFRS(I) 10 and SFRS(I) 1-28

The directors expect that the adoption of the standards above will have no material impact on the financial statements in the year of initial application.

2.4 Subsidiaries and principles of consolidation

(a) *Subsidiaries*

A subsidiary is an investee that is controlled by the Group. The Group controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

In the Company's separate financial statements, investments in subsidiaries are accounted for at cost less impairment losses.

(b) *Basis of consolidation*

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the end of the reporting period. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied to like transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions are eliminated in full.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Losses within a subsidiary are attributed to the non-controlling interest even if that results in a deficit balance.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- De-recognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amounts at the date when control is lost;
- De-recognises the carrying amount of any non-controlling interest;
- De-recognises the cumulative translation differences recorded in equity;
- Recognises the fair value of the consideration received;
- Recognises the fair value of any investment retained;
- Recognises any surplus or deficit in income statement;
- Re-classifies the Group's share of components previously recognised in other comprehensive income to income statement or retained earnings, as appropriate.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2019

2. Summary of significant accounting policies (Continued)

2.4 Subsidiaries and principles of consolidation (Continued)

(c) *Business combinations and goodwill*

Business combinations are accounted for by applying the acquisition method. Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Acquisition-related costs are recognised as expenses in the periods in which the costs are incurred and the services are received.

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration which is deemed to be an asset or liability, will be recognised in the income statement.

The Group elects for each individual business combination, whether non-controlling interest in the acquiree (if any), that are present ownership interests and entitle their holders to a proportionate share of net assets in the event of liquidation, is recognised on the acquisition date at fair value, or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets. Other components of non-controlling interests are measured at their acquisition date fair value, unless another measurement basis is required by another SFRS(I).

Any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interest in the acquiree (if any), and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities is recorded as goodwill. The accounting policy for goodwill is set out in Note 2.8. In instances where the latter amount exceeds the former, the excess is recognised as gain on bargain purchase in the income statement on the acquisition date.

Goodwill is initially measured at cost. Following initial recognition, goodwill is measured at cost less any accumulated impairment losses.

For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to the Group's cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

The cash-generating units to which goodwill have been allocated is tested for impairment annually and whenever there is an indication that the cash-generating unit may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of each cash-generating unit (or group of cash-generating units) to which the goodwill relates.

(d) *Transactions with non-controlling interest*

Non-controlling interest represents the equity in subsidiaries not attributable, directly or indirectly, to equity holders of the Company.

Changes in the Company's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. In such circumstances, the carrying amounts of the controlling and non-controlling interest are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to equity holders of the Company.

2. Summary of significant accounting policies (Continued)

2.5 Functional and foreign currency

Functional currency

The management has determined the currency of the primary economic environment in which the Company and the subsidiaries operates i.e. functional currency, to be RMB. Sales prices and major costs of providing goods and services including major operating expenses are primarily influenced by fluctuations in the functional currency of the Company and its subsidiaries.

Foreign currency transactions

Transactions in foreign currencies are measured in the functional currency of the Company and its subsidiaries and are recorded on initial recognition in the functional currency at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the end of the reporting period are recognised in the income statement.

2.6 Property, plant and equipment

All items of property, plant and equipment are initially recorded at cost. Subsequent to recognition, property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

Depreciation is computed on a straight-line basis over the estimated useful life of the assets as follows:

Buildings	8 – 40 years
Leasehold improvement	3 – 5 years
Plant and machinery	5 – 10 years
Motor vehicles	4 – 10 years
Other equipment	5 – 10 years

Assets under construction included in plant and equipment are not depreciated as these assets are not yet available for use.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual value, useful life and depreciation method are reviewed at each financial year-end, and adjusted prospectively, if appropriate.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset is included in the income statement in the year the asset is derecognised.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2019

2. Summary of significant accounting policies (Continued)

2.7 Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

(i) *Right-of-use assets*

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

Lease properties	–	Over the lease term period of 3 to 50 years
------------------	---	---

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer to the accounting policies in Note 2.9.

(ii) *Lease liabilities*

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentive receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g. changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

2. Summary of significant accounting policies (Continued)

2.7 Leases (Continued)

Group as a lessee (Continued)

(iii) *Short-term leases and leases of low-value assets*

The Group applies the short-term lease recognition exemption to its short-term leases of office equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

2.8 Intangible assets

Intangible assets acquired separately are measured initially at cost. Following initial acquisition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses. Internally generated intangible assets, excluding capitalised development costs, are not capitalised and expenditure is reflected in the income statement in the year in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite useful lives are amortised over the estimated useful lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method are reviewed at least at each financial year-end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortisation period or method, as appropriate, and are treated as changes in accounting estimates.

Intangible assets with indefinite useful lives or not yet available for use are tested for impairment annually, or more frequently if the events and circumstances indicate that the carrying value may be impaired either individually or at the cash-generating unit level. Such intangible assets are not amortised. The useful life of an intangible asset with an indefinite useful life is reviewed annually to determine whether the useful life assessment continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the income statement when the asset is derecognised.

Goodwill

Goodwill was acquired in business combinations. The useful life of goodwill is estimated to be indefinite because management believes there is no foreseeable limit to the period over which goodwill is expected to generate net cash inflow for the Group.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2019

2. Summary of significant accounting policies (Continued)

2.9 Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when an annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

The Group bases its impairment calculation on detailed budgets and forecast calculations which are prepared separately for each of the Group's cash-generating units to which the individual assets are allocated. These budgets and forecast calculations are generally covering a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses are recognised in the income statement. A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in the income statement.

2.10 Financial instruments

(a) *Financial assets*

Initial recognition and measurement

Financial assets are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument.

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the income statement.

Trade receivables are measured at the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third party, if the trade receivables do not contain a significant financing component at initial recognition.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2019

2. Summary of significant accounting policies (Continued)

2.10 Financial instruments (Continued)

(a) *Financial assets (Continued)*

Subsequent measurement

Investment in debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the contractual cash flow characteristics of the asset.

Amortised cost

Financial assets that are held for the collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in the income statement when the assets are derecognised or impaired, and through amortisation process.

De-recognition

A financial asset is derecognised where the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income for debt instruments is recognised in the income statement.

(b) *Financial liabilities*

Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value plus in the case of financial liabilities not at fair value through profit or loss, directly attributable transaction costs.

Subsequent measurement

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in the income statement when the liabilities are derecognised, and through the amortisation process.

De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. On derecognition, the difference between the carrying amounts and the consideration paid is recognised in the income statement.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2019

2. Summary of significant accounting policies (Continued)

2.11 Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, and short-term, highly liquid investments that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value.

2.12 Impairment of financial assets

The Group recognises an allowance for expected credit losses (“ECLs”) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (“a 12-month ECL”). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default (“a lifetime ECL”).

For trade receivables, the Group applies a simplified approach in calculating ECLs. Therefore, the group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

The Group considers a financial asset in default when contractual payments are 180 days past due. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

2.13 Inventories

Inventories are stated at the lower of cost and net realisable value. Costs incurred in bringing the inventories to their present location and condition are accounted for as follows:

- Raw materials: purchase costs on a weighted average basis;
- Finished goods and work-in-progress: costs of direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. These costs are assigned on a weighted average basis.

Where necessary, allowance is provided for damaged, obsolete and slow moving items to adjust the carrying value of inventories to the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2019

2. Summary of significant accounting policies (Continued)

2.14 Borrowing costs

Borrowing costs are capitalised as part of the cost of a qualifying asset if they are directly attributable to the acquisition, construction or production of that asset. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are substantially completed for their intended use or sale. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

2.15 Research and development costs

All research costs are charged to the income statement as incurred.

Development costs incurred on projects to develop new products are capitalised and deferred only when the projects are clearly defined, the costs are separately identifiable and can be measured reliably, and there is reasonable certainty that the projects are technically feasible and the products have commercial value. Development expenditure which does not meet these criteria is expensed as incurred.

2.16 Government grants

Government grants are recognised when there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income over the periods necessary to match them on a systematic basis to the costs that it is intended to compensate.

2.17 Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2019

2. Summary of significant accounting policies (Continued)

2.18 Employee benefits

The Group participates in the national pension schemes as defined by the laws of the countries in which it has operations.

(i) *Defined contribution plans*

PRC

The subsidiaries in the PRC are required to provide certain staff pension benefits to their employees under existing PRC regulations. Pension contributions are provided at rates stipulated by PRC regulations and contributed to a pension fund managed by government agencies, which are responsible for administering these amounts for the subsidiaries' employees.

Singapore

The Company makes contribution to the Central Provident Fund ("CPF") Scheme in Singapore, a defined contribution pension scheme.

Contributions to national pension schemes are recognised as an expense in the period in which the related services are performed.

(ii) *Employee leave entitlement*

Employee entitlements to annual leave are recognised as a liability when they are accrued to the employees. The undiscounted liability for leave expected to be settled wholly before twelve months after the end of the reporting period is recognised for services rendered by employees up to the end of the reporting period.

(iii) *Pharmesis Share Option Scheme*

Directors and employees of the Group receive remuneration in the form of share options as consideration for services rendered. The cost of these equity-settled share based payment transactions with directors and employees is measured by reference to the fair value of the options at the date on which the options are granted. This cost is recognised in the income statement, with a corresponding increase in the employee share options reserve, over the vesting period. The cumulative expense recognised at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of options that will ultimately vest. The charge or credit to the income statement for a period represents the movement in cumulative expense recognised as at the beginning and end of that period.

No expense is recognised for options that do not ultimately vest, except for options where vesting is conditional upon a market condition, which are treated as vesting irrespective of whether or not the market condition is satisfied, provided that all other performance and/or service conditions are satisfied. The employee share options reserve is transferred to retained earnings upon expiry of the share options. When the options are exercised, the employee share options reserve is transferred to share capital if new shares are issued, or to treasury shares if the options are satisfied by the reissuance of treasury shares.

2. Summary of significant accounting policies (Continued)

2.19 Revenue recognition

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognised when the Group satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

(a) *Sale of goods*

Revenue is recognised when the goods are delivered to the customer and all criteria for acceptance have been satisfied.

(b) *Rendering of services*

Revenue from the packaging of oral liquid products is recognised by the number of completed packaged products, upon the performance of services to customers.

(c) *Interest income*

Interest income is recognised using the effective interest method.

2.20 Taxes

(a) *Current income tax*

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the end of the reporting period, in the countries where the Group operates and generates taxable income.

Current income taxes are recognised in the income statement except to the extent that the tax relates to items recognised outside the income statement, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2019

2. Summary of significant accounting policies (Continued)

2.20 Taxes (Continued)

(b) *Deferred tax*

Deferred tax is provided using the liability method on temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all temporary differences, except:

- Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised except:

- Where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of deductible temporary differences associated with investments in subsidiaries, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the end of each reporting period.

Deferred tax relating to items recognised outside the income statement is recognised outside the income statement. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition.

2. Summary of significant accounting policies (Continued)

2.20 Taxes (Continued)

(c) Value added tax ("VAT") and Goods and Services Tax ("GST")

Revenues, expenses and assets are recognised net of the amount of VAT/GST except:

- Where the VAT/GST incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the VAT/GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- Receivables and payables that are stated with the amount of VAT/GST included.

2.21 Segment reporting

For management purposes, the Group is organised into operating segments based on their products which are independently managed by the respective segment managers responsible for the performance of the respective segments under their charge. The segment managers report directly to the management of the Group who regularly review the segment results in order to allocate resources to the segments and to assess the segment performance. Additional disclosures on each of these segments are shown in Note 27, including the factors used to identify the reportable segments and the measurement basis of segment information.

2.22 Share capital and share issue expenses

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

2.23 Contingencies

A contingent liability is:

- a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or
- a present obligation that arises from past events but is not recognised because:
 - It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - The amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingent liabilities and assets are not recognised on the statement of financial position of the Group.

2.24 Related parties

A party is considered to be related to the Group if:

- (a) A person or a close member of that person's family is related to the Group and the Company if that person,
 - (i) Has control or joint control over the Company;
 - (ii) Has significant influence over the Company; or
 - (iii) Is a member of the key management personnel of the Group or Company or of a parent of the Company;
- (b) An entity is related to the Group and the Company if any of the following conditions applies:
 - (i) The entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (iii) Both entities are joint ventures of the same third party.
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post-employment benefit plan for the benefit of employees of either the Company or an entity related to the Company. If the Company is itself such a plan, the sponsoring employers are also related to the Company.
 - (vi) The entity is controlled or jointly controlled by a person identified in (a).
 - (vii) A person identified in (a) (i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

2.25 Significant accounting judgements and estimates

The preparation of the Group's consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of the revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of reporting period. Uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

Judgements made in applying accounting policies

Management is of the opinion that there is no significant judgement made in applying accounting policies that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial period.

2. Summary of significant accounting policies (Continued)

2.25 Significant accounting judgements and estimates (Continued)

Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period are discussed below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

Impairment of non-financial assets

The Group assesses whether there are any indicators of impairment for non-financial assets at each reporting date. Goodwill is tested for impairment annually and at other times when such indicators exist.

An impairment exists when the carrying value of non-financial assets exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions in an arm's length transaction of similar assets or observable market prices less incremental costs for disposing the asset. The value in use calculation is based on a discounted cash flow model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Group is not yet committed to or significant future investments that will enhance the asset's performance of the cash generating unit being tested. The recoverable amount is most sensitive to the discount rate used for the discounted cash flow model as well as the expected future cash inflows and the growth rate used for extrapolation purposes. Further details of the key assumptions applied in the impairment assessment of non-financial assets, are detailed in Note 9 to the financial statements.

Provision for expected credit losses of trade receivables

The Group uses a provision matrix to calculate ECLs for trade receivables. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns.

The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust historical credit loss experience with forward-looking information. At every reporting date, historical default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. The information about the ECLs on the Group's trade receivables is disclosed in Note 15.

The carrying amount of trade receivables as at 31 December 2019 is RMB11,201,000 (2018: RMB19,027,000) respectively.

2.25 Significant accounting judgements and estimates (Continued)

Key sources of estimation uncertainty (Continued)

Income taxes

The Group has exposure to income taxes in two jurisdictions, Singapore and the People's Republic of China. Significant judgement is involved in determining the Group-wide provision for income taxes. There are certain transactions and computations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for expected tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made. The carrying amount of the Group's tax recoverable, income tax payable, and deferred tax liabilities are RMB107,000 (2018: RMB107,000), RMB78,000 (2018: RMB312,000) and Nil (2018: RMB757,000) respectively.

On 27 July 2011, Caishui [2011] 58 on Tax Policy *Issues Concerning Deeply Implementation of the Western China Development Strategy* (“Circular 58”) was issued. Circular 58 provides a reduced corporate income tax rate of 15% on 70% of total annual profits to enterprises established in the western regions in China which are engaged in encouraged industries, as stipulated in the Catalogue of Industries Encouraged to Develop in the Western Region. The incentive period lasts from 1 January 2011 to 31 December 2020.

On 20 August 2014, National Development and Reform Commission issued Announcement No. 15 *Catalogue of Industries Encouraged to Develop in the Western Region* (“Announcement 15”) to allow enterprises whose activities qualified under the list of approved industries to enjoy the reduced tax rate of 15% subject to approval from the tax authorities. Announcement 15 is effective from 1 October 2014.

Chengdu Kinna Pharmaceutical Co., Ltd. does not qualify for the reduced corporate income tax rate of 15% granted under Announcement 15 as at 31 December 2019.

At the balance sheet date, the subsidiaries in PRC have tax losses and temporary differences of RMB7,493,000 and RMB9,866,000 (2018: RMB715,000 and RMB9,620,000) that are available for offset against future taxable profit for the respective entities where the tax losses arose, for which no deferred tax asset is recognised due to uncertainty of its recoverability. The use of these tax losses is subject to the agreement of the tax authority. The tax losses of the PRC subsidiaries can only be utilised within the five-year period commencing from the year in which the loss is incurred.

Impairment testing on property, plant and equipment

As at 31 December 2019, the Group carried out a review of the recoverable amounts of its property, plant and equipment due to the unfavorable market condition in the pharmaceutical industry.

For impairment assessment purpose, the management identified 4 cash generating units (“CGUs”) namely Sichuan Longlife CGU, Kinna Packaging Services CGU, Chengdu Kinna Western Drugs CGU and JiangYou CGU.

As part of the impairment assessment, the carrying amounts of the property, plant and equipment are compared to the recoverable amounts. These assets are reviewed, either on a stand-alone basis or as part of a wider CGU for impairment using the higher of the value-in-use or fair value less disposal cost model.

Sichuan Longlife CGU, Kinna Packaging Services CGU and JiangYou CGU.

The recoverable amounts of the property, plant and equipment allocated to these 3 CGUs were determined based on its fair value less cost of disposal approach. The Group engaged Sichuan Tian Jian Hua Heng Assets Appraisal Co., Ltd, an independent Chinese professional valuer to determine the fair value of the property, plant and equipment.

NOTES TO THE FINANCIAL STATEMENTS

9. Property, plant and equipment (Continued)

Sichuan Longlife CGU, Kinna Packaging Services CGU and JiangYou CGU. (Continued)

The valuation techniques and key assumptions were summarized below:

<u>Description</u>	<u>Fair value hierarchy</u>	<u>Valuation technique</u>	<u>Key assumptions</u>
Property, plant and equipment	Level 3	Depreciated replacement cost	Include consideration of: <ul style="list-style-type: none"> • Market value; • Economic or external obsolescence; • Functional or technical obsolescence; and • Physical deterioration

Based on valuation, an impairment loss of RMB6,570,000 has been recognised in “Other costs” (Note 4) line item of the consolidated income statement for the financial year ended 31 December 2019.

Chengdu Kinna Western Drugs CGU

The recoverable amount of the property, plant and equipment allocated to this CGU was determined based on a value-in-use calculation using cash flow projections based on financial budgets approved by senior management covering 1-year period.

The pre-tax discount rate applied to the cash flow projections and the forecasted growth rates used to extrapolate cash flow projections beyond the 1-year period are as follows:

	<u>31.12.2019</u>
Growth rates	0%
Pre-tax discount rates	15.7%

The calculations of value-in-use for the CGUs are most sensitive to the following assumptions:

Budgeted revenue and gross margins – The budgeted revenue and gross margins are based on past performances and its expectations of market developments.

Budgeted growth rate – Management determined the budgeted growth rate based on past experience and its expectations of market developments. The budgeted growth rate used by the Group does not exceed the long-term average growth rate for the industries relevant to the CGU.

Residual values of land use rights and property, plant and equipment – Management determined and assessed the reasonableness of the residual values based on indicative market price as of year end.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2019

9. Property, plant and equipment (Continued)

Chengdu Kinna Western Drugs CGU (Continued)

Discount rate – The discount rate used represent the current market assessment of the risk specific to each CGU, regarding the time value of money and individual risks of the underlying assets which have not been incorporated in the cash flow estimates. The discount rate calculation is based on the specific circumstances of the Group and its operating segments and derived from its Weighted Average Cost of Capital (“WACC”). The WACC takes into account both debt and equity. The cost of equity is derived from the expected return on investment by the Group’s investors. The cost of debt is based on the interest-bearing borrowings the Group is obliged to service. Segment-specific risk is incorporated by applying individual beta factors. The beta factors are evaluated annually based on publicly available market data.

Sensitivity to changes in assumption – Management believes that no reasonably possible changes in any of the above key assumptions would cause the carrying amounts of Chengdu Kinna Western Drugs to materially exceed its recoverable amounts.

Based on the assessment, the recoverable amounts of property, plant and equipment allocated to this CGU was computed to be higher than carrying amounts. No impairment loss was recorded.

10. Land use rights (Continued)

The Group has land use rights over three plots of state-owned land in the People's Republic of China ("PRC") where the Group's PRC manufacturing and storage facilities reside respectively. The land use rights are not transferable and have remaining tenures of 23.7, 30.5 and 41.5 years respectively (2018: 24.7 and 31.5 and 42.5 years respectively).

As at 31 December 2018, land use rights of the Group with carrying amounts of RMB1,975,000 were pledged as security to secure bank borrowings (Note 18).

Upon the adoption of SFRS(I) 16, the Group has reclassified land use rights with carrying amounts of RMB7,620,000 to right-of-use assets (Note 11).

11. Leases

The Group has lease contracts for leasehold properties used in its operations. These lease contracts generally have lease terms between 3 to 50 years.

The Group recognised lease liabilities and right-of-use assets of RMB1,212,000 as at 1 January 2019.

	At 1 January 2019 RMB'000
Operating lease commitments as at 31 December 2018	1,619

Lease liabilities relating to operating leases recognised upon adoption of SFRS(I) 16 as at 1 January 2019	1,212

The carrying amount of right-of-use assets as at 1 January 2019 comprises the following:

	At 1 January 2019 RMB'000
Right-of-use assets relating to operating leases recognised upon adoption of SFRS(I) 16	1,212
By class of underlying assets: Leasehold properties	1,212

There was no impact to the Group's opening retained earnings at the date of initial application as the Group has chosen to measure the right-of-use asset at an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the statement of financial position immediately before 1 January 2019.

Impairment testing on right-of-use assets

As at 31 December 2019, the Group carried out a review of the recoverable amounts of its right-of-use assets due to the unfavorable market condition in the pharmaceutical industry.

The carrying amounts of right-of-use assets were allocated to Sichuan Longlife CGU, Chengdu Kinna Western Drugs CGU and JiangYou CGU.

Sichuan Longlife CGU and JiangYou CGU.

The recoverable amounts of the right-of-use assets allocated to these 2 CGUs were determined based on its fair value less cost of disposal approach. The Group engaged Sichuan Tian Jian Hua Heng Assets Appraisal Co., Ltd, an independent Chinese professional valuer to determine the fair value of the right-of-use assets.

The valuation techniques and key assumptions were detailed in Note 9.

Based on valuation, an impairment loss of RMB493,000 has been recognised in “Other costs” (Note 4) line item of the consolidated income statement for the financial year ended 31 December 2019.

Chengdu Kinna Western Drugs CGU

The recoverable amount of the right-of-use assets allocated to this CGU was determined based on a value-in-use calculation using cash flow projections based on financial budgets approved by senior management covering 1-year period.

The key assumptions used in value-in-use calculations were detailed in Note 9.

Based on the assessment, the recoverable amounts of right-of-use assets allocated to this CGU was computed to be higher than carrying amounts. No impairment loss was recorded.

(e) Impairment testing on investments in subsidiaries

As at 31 December 2019, the Group carried out a review of the recoverable amounts of its investments in subsidiaries due to the unfavourable market condition in the Pharmaceutical industry. The recoverable amounts of 4 cash generating units of the investments in subsidiaries were based on its higher of the value-in-use or fair value less cost of disposal model. As the recoverable amounts were computed to be higher than carrying amounts, no impairment loss was recorded. Further details of the key assumptions applied in the impairment assessment, are detailed in Note 9 to the financial statements.

Impairment testing on goodwill

Goodwill acquired through business combinations has been allocated to the Sichuan Longlife CGU for impairment testing.

The recoverable amounts of the goodwill on consolidation allocated to this CGU was determined based on its fair value less cost of disposal approach. The Group engaged Sichuan Tian Jian Hua Heng Assets Appraisal Co., Ltd, an independent Chinese professional valuer to determine the fair value of this CGU.

The valuation techniques and key assumptions were detailed in Note 9.

Based on valuation, the recoverable amounts allocated to this CGU was computed to be higher than carrying amounts. No impairment loss was recorded.

Trade receivables are non-interest bearing and are generally on 90 to 180 days' terms. They are recognised at their original invoice amounts which represents fair values at initial recognition.

Note receivables are non-interest bearing, unsecured, generally on 180 days' terms and are to be settled in cash.

Receivables that are past due but not impaired

The Group has trade receivables amounting to RMB2,796,000 (2018: RMB2,637,000) that are past due at the end of the reporting period but not impaired.

The Group's trade receivables consisted of sales predominantly from prescribed drugs. Certain receivables from the sales of the prescribed drugs are covered by social insurance and are included in the list of medicine approved by the Social Insurance Bureau in PRC. A longer period is required for the settlement of trade receivables as the payment process is dependent on receipts of the appointed distribution agents from the hospitals and clinics, which are in-turn dependent on the settlement of medical bills out of the patients' medical fund.

These receivables are unsecured and the analysis of their aging at the end of the reporting period is as follows:

24. Financial risk management objectives and policies

The Group and the Company are exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include foreign currency risk, credit risk and liquidity risk. The board of directors reviews and agrees on policies and procedures for the management of these risks, which are executed by the Financial Controller, Head of Treasury and Head of Credit Control. The Audit Committee provides independent oversight to the effectiveness of the risk management process. It is, and has been throughout the current and previous financial year, the Group's policy that no derivatives shall be undertaken except for the use as hedging instruments where appropriate and cost-efficient. The Group and the Company do not apply hedge accounting.

The following sections provide details regarding the Group's and Company's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

There have been no change to the Group's exposure to these financial risks or the manner in which it manages and measures the risks.

(i) Foreign currency risk

The Group's operations are primarily in the PRC, of which sales, purchases and its accounts are recorded in Renminbi. The foreign currency risk of the Group arises mainly from its foreign currency cash and short-term deposits, other receivables, other payables and accrued liabilities. The Group does not enter into transactions to hedge against its currency risk.

Sensitivity analysis

A 10% strengthening of Renminbi against Singapore dollar at the reporting date would decrease/increase the Group's (loss)/profit before taxation by RMB41,000 (2018: RMB164,000). A 10% weakening of Renminbi against Singapore dollar would have an equal but opposite effect. This analysis assumes that all other variables, in particular interest rates, remain constant.

24. Financial risk management objectives and policies (Continued)

(ii) Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group's exposure to credit risk arises primarily from trade and other receivables. For other financial assets (including cash and short-term deposits), the Group minimise credit risk by dealing exclusively with high credit rating counterparties.

The Group's objective is to seek continual revenue growth while minimising losses incurred due to increased credit risk exposure. The Group trades only with recognised and creditworthy third parties. It is the Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

The Group has determined the default event on a financial asset to be when the counterparty fails to make contractual payments, within 120 days when they fall due, which are derived based on the Group's historical information.

To assess whether there is a significant increase in credit risk, the company compares the risk of a default occurring on the asset as at reporting date with the risk of default as at the date of initial recognition. The Group considers available reasonable and supportive forwarding-looking information which includes the following indicators:

- Internal credit rating
- External credit rating
- Actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the borrower's ability to meet its obligations
- Actual or expected significant changes in the operating results of the borrower
- Significant increases in credit risk on other financial instruments of the same borrower
- Significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees or credit enhancements
- Significant changes in the expected performance and behaviour of the borrower, including changes in the payment status of borrowers in the Group and changes in the operating results of the borrower.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2019

24. Financial risk management objectives and policies (Continued)

(ii) Credit risk (Continued)

Regardless of the analysis above, a significant increase in credit risk is presumed if a debtor is more than 30 days past due in making contractual payment.

The Group determined that its financial assets are credit-impaired when:

- There is significant difficulty of the issuer or the borrower
- A breach of contract, such as a default or past due event
- It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation
- There is a disappearance of an active market for that financial asset because of financial difficulty

The Group categorises a loan or receivable for potential write-off when a debtor fails to make contractual payments more than 180 days past due. Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Group. Where loans and receivables have been written off, the company continues to engage enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in the statement of comprehensive income.

The following are credit risk management practices and quantitative and qualitative information about amounts arising from expected credit losses for trade receivables.

Trade and other receivables

The Group provides for lifetime expected credit losses for all trade and other receivables using a provision matrix. The provision rates are determined based on the Group's historical observed default rates. The loss allowance provision as at 31 December 2019 is disclosed in Notes 15 and 16, the expected credit losses also incorporate forward looking information such as industry default rates.

Information regarding loss allowance movement of trade and other receivables are disclosed in Notes 15 and 16.

Exposure to credit risk

At the statement of financial position, the Group's and the Company's maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the statements of financial position.

The trade and other receivables of the Group are not secured by any credit enhancements.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2019

24. Financial risk management objectives and policies (Continued)

(ii) Credit risk (Continued)

Credit risk concentration profile

Concentration of credit risk exists when changes in economic, industrial or geographic factors similarly affect groups of counterparts whose aggregate credit exposure is significant in relation to the Group's total credit exposure.

At the end of the reporting period, approximately:

- 56% (2018: 54%) of the Group's trade receivables were due from 5 major customers who are hospitals and medical institutions located in PRC

Financial assets that are neither past due nor impaired

Trade and other receivables that are neither past due nor impaired are creditworthy debtors with good payment record with the Group. Cash and short-term deposits that are neither past due nor impaired are placed with or entered into with reputable financial institutions or companies with high credit ratings and no history of default.

Financial assets that are either past due or impaired

Information regarding financial assets that are either past due or impaired is disclosed in Note 15.

(iii) Liquidity risk

Liquidity risk is the risk that the Group or the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Group's and the Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Group's and the Company's objective is to maintain a balance between continuity of funding and flexibility through the use of stand-by credit facilities.

Typically, the Group ensures that it has sufficient cash on demand to meet expected operational expenses for a period of 60 days, including servicing of financial obligations; this excludes the potential impact of extreme circumstances that cannot reasonably be predicted, such as natural disasters.

25. Financial instruments (Continued)

(b) Fair value of financial instruments

(i) Fair value hierarchy

The Group categorises fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used as follows:

- Level 1 – Quoted prices (unadjusted) in active market for identical assets or liabilities that the Group can access at the measurement date,
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, and
- Level 3 – Unobservable inputs for the asset or liability.

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

(ii) Assets and liabilities that are not carried at fair value whose carrying amounts approximate fair values

Trade receivables (Note 15), other receivables (Note 16), cash and cash equivalents (Note 17), bank borrowings (Note 18), trade payables (Note 19), other payables and accrued liabilities (Note 20)

The carrying amounts of financial assets and liabilities are reasonable approximations of fair value due to their short-term nature.

Lease liabilities (Note 11)

The carrying amount of lease liabilities are reasonable approximation of fair values estimated by discounting expected future cash flows at market incremental borrowing rate for similar types of borrowing arrangements at the statement of financial position date.

There were no significant differences between the fair values and the carrying amounts of the lease liabilities of the Group as at 31 December 2019.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2019

26. Capital management

The primary objective of the Group's capital management is to ensure that it maintains healthy capital ratios in order to support its business and maximise shareholder value.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the financial years ended 31 December 2019 and 2018.

The subsidiaries of the Group are required by the Foreign Enterprise Law of the PRC to contribute to and maintain a non-distributable statutory reserve fund whose utilisation is subject to approval by the relevant PRC authorities. This externally imposed capital requirement has been complied with by the subsidiaries for the financial years ended 31 December 2019 and 2018.

The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group's policy is to keep the gearing ratio between 0% and 30%. The Group includes within net debt, bank borrowings, trade payables, other payables and accrued liabilities and lease liabilities less cash and cash equivalents. Capital includes equity attributable to the equity holders of the Company less the abovementioned restricted statutory reserve fund.

4. To re-appoint Ernst & Young LLP as the Company’s Auditors and to authorise the Directors to fix their remuneration. **(Resolution 5)**
5. To transact any other business which may properly be transacted at an AGM.

AS SPECIAL BUSINESS

To consider and, if thought fit, to pass the following resolution as Ordinary Resolution, with or without any modifications:

6. Ordinary Resolution: Authority to allot and issue shares

“That, pursuant to Section 161 of the Companies Act, Cap. 50 and Rule 806(2) of the Listing Manual of the Singapore Exchange Securities Trading Limited (“SGX-ST”), authority be and is hereby given to the Directors of the Company to:–

- (a) (i) issue shares in the capital of the Company (“shares”) whether by way of rights, bonus or otherwise; and/or
 - (ii) make or grant offers, agreements or options (collectively, “Instruments”) that might or would require shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures or other instruments convertible into shares,
- at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may in their absolute discretion deem fit; and

NOTICE OF ANNUAL GENERAL MEETING

- (b) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue shares in pursuance of any instrument made or granted by the Directors while this Resolution was in force,

provided that:

- (1) the aggregate number of shares to be issued pursuant to this Resolution (including shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed fifty per cent. (50%) of the Company's total number of issued shares excluding treasury shares and subsidiary holdings (as calculated in accordance with sub-paragraph (2) below), of which the aggregate number of shares to be issued other than on a pro-rata basis to existing shareholders of the Company (including shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed twenty per cent. (20%) of the Company's total number of issued shares excluding treasury shares and subsidiary holdings (as calculated in accordance with sub-paragraph (2) below). Unless prior shareholder approval is required under the Listing Manual of the SGX-ST, an issue of treasury shares will not require further shareholder approval, and will not be included in the aforementioned limits.
- (2) (subject to such manner of calculation as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of shares that may be issued under sub-paragraph (1) above, the total number of issued shares excluding treasury shares and subsidiary holdings is based on the Company's total number of issued shares excluding treasury shares and subsidiary holdings at the time this Resolution is passed, after adjusting for:
 - (i) new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards which are outstanding or subsisting at the time this Resolution is passed; and
 - (ii) any subsequent bonus issue, consolidation or subdivision of shares;
- (3) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Listing Manual of the SGX-ST for the time being in force (unless such compliance has been waived by the SGX-ST) and the Articles of Association for the time being of the Company; and
- (4) (unless revoked or varied by the Company in general meeting) the authority conferred by this Resolution shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier."

(Resolution 7)

By Order of the Board

Lee Pay Lee
Company Secretary

Singapore, 9 April 2020

NOTICE OF ANNUAL GENERAL MEETING

Explanatory Notes:

- (i) Pursuant to Rule 720(6) of the SGX-ST Listing Manual, further information on Mr Qi Jie and Ms Chung Chia-Jung are set out on Pages 100 to 104 of the Company's Annual Report.

Ms Chung Chia-Jung, if re-elected, will remain as a member of the Company's Audit Committee. She is considered a Non-Executive Non-Independent Director.

- (ii) **Ordinary Resolution 7** proposed in item 6 above, if passed, will authorise and empower the Directors of the Company from the date of the above Meeting until the next AGM to issue shares and/or convertible securities in the Company up to an amount not exceeding in aggregate 50% of the total number of issued shares excluding treasury shares and subsidiary holdings of which the total number of shares and convertible securities issued other than on a pro-rata basis to existing shareholders shall not exceed 20% of the total number of issued shares excluding treasury shares and subsidiary holdings of the Company at the time the resolution is passed, for such purposes as they consider would be in the interests of the Company. This authority will, unless revoked or varied at a general meeting, expire at the next AGM of the Company.

Notes:

1. A member entitled to attend and vote at the Annual General Meeting (the "Meeting") is entitled to appoint one (1) or two (2) proxies to attend and vote in his/her stead. A proxy need not be a member of the Company.
2. Where a member (other than a Relevant Intermediary) appoints two (2) proxies, he shall specify the proportion of his shareholding to be represented by each proxy in the instrument appointing the proxies.
3. A Relevant Intermediary may appoint more than two (2) proxies, but each proxy must be appointed to exercise the rights attached to a different share or shares held by him (which number and class of shares shall be specified).

"Relevant Intermediary" means:

- a) a banking corporation licensed under the Banking Act (Cap. 19) or a wholly-owned subsidiary of such a banking corporation, whose business includes the provision of nominee services and who holds shares in that capacity; or
 - b) a person holding a capital markets services licence to provide custodial services for securities under the Securities Futures Act (Cap. 289) and who holds shares in that capacity; or
 - c) the Central Provident Fund Board established by the Central Provident Fund Act (Cap. 36), in respect of shares purchased under the subsidiary legislation made under that Act providing for the making of investments from the contributions and interest standing to the credit of members of the Central Provident Fund, if the Board holds those shares in the capacity of an intermediary pursuant to or in accordance with that subsidiary legislation.
4. Completion and return of this instrument appointing a proxy shall not preclude a member from attending and voting at the Meeting. Any appointment of a proxy or proxies shall be deemed to be revoked if a member attends the meeting in person, and in such event, the Company reserves the right to refuse to admit any person or persons appointed under the instrument of proxy to the Meeting.

NOTICE OF ANNUAL GENERAL MEETING

5. The instrument appointing a proxy or proxies must be deposited at the registered office of the Company's Share Registrar, RHT Corporate Advisory Pte. Ltd. at 30 Cecil Street, #19-08 Prudential Tower, Singapore 049712, not less than 48 hours before the time appointed for the AGM.
6. The instrument appointing a proxy or proxies must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its seal or under the hand of an officer or attorney duly authorised. Where the instrument appointing a proxy or proxies is executed by an attorney on behalf of the appointor, the letter or power of attorney or a duly certified copy thereof must be lodged with the instrument.
7. A corporation which is a member may authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the AGM, in accordance with section 179 of the Companies Act (Chapter 50) of Singapore.
8. An investor who holds shares under The Central Provident Fund Investment Scheme ("CPF Investor") and/or the Supplementary Retirement Scheme ("SRS Investors") (as may be applicable) may attend and cast his/her vote(s) at the Meeting in person. CPF and SRS Investors who are unable to attend the Meeting but would like to vote, may inform their CPF and/or SRS Approved Nominees to appoint the Chairman of the Meeting to act as their proxy, in which case, the CPF and SRS Investors shall be precluded from attending the Meeting.

General:

The Company shall be entitled to reject the instrument appointing a proxy or proxies if it is incomplete, improperly completed or illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing a proxy or proxies. In addition, in the case of Shares entered in the Depository Register, the Company may reject any instrument appointing a proxy or proxies lodged if the member, being the appointor, is not shown to have Shares entered against his name in the Depository Register as at 72 hours before the time appointed for holding the AGM, as certified by CDP to the Company.

Personal Data Privacy:

By (a) submitting an instrument appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the AGM and/or any adjournment thereof, or (b) submitting any question prior to the AGM in accordance with paragraph 4 of the section "Precautionary Measures at the AGM (the "COVID-19 Notice")", a member of the Company (i) consents to the collection, use and disclosure of the member's personal data by the Company (or its agents) for the purpose of the processing and administration by the Company (or its agents) of proxies and representatives appointed for the AGM (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the AGM (including any adjournment thereof), and in order for the Company (or its agents) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the "Purposes"); (ii) warrants that where the member discloses the personal data of the member's proxy(ies) and/or representative(s) to the Company (or its agents), the member has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents) of the personal data of such proxy(ies) and/or representative(s) for the Purposes; and (iii) agrees that the member will indemnify the Company in respect of any penalties, liabilities, claims demands, losses and damages as a result of the member's breach of warranty.

NOTICE OF ANNUAL GENERAL MEETING

PRECAUTIONARY MEASURES AT THE AGM

1. In view of the COVID-19 situation, the Company will be implementing precautionary measures at the AGM.
2. All persons attending the AGM will have to undergo temperature & health screening, declare their recent travel history, sign a health declaration form and provide their travel history and contact details (to facilitate contact tracing, if required) before entering the venue. Please arrive early as the precautionary measures may cause delay in the registration process.

IMPORTANT: PLEASE READ NOTES OVERLEAF

NOTES:

1. Please insert the total number of Shares held by you. If you have Shares entered against your name in the Depository Register (as defined in section 81SF of the Securities and Futures Act (Chapter 289) of Singapore), you should insert that number of Shares. If you have Shares registered in your name in the Register of Members, you should insert that number of Shares. If you have Shares entered against your name in the Depository Register and Shares registered in your name in the Register of Members, you should insert the aggregate number of Shares entered against your name in the Depository Register and registered in your name in the Register of Members. If no number is inserted, the instrument appointing a proxy or proxies shall be deemed to relate to all the Shares held by you.
2. A member of the Company (other than a Relevant Intermediary), entitled to attend and vote at a meeting of the Company is entitled to appoint one (1) or two (2) proxies to attend and vote in his/her stead. A proxy need not be a member of the Company.
3. Where a member (other than a Relevant Intermediary*) appoints two (2) proxies, the appointments shall be invalid unless he/she specifies the proportion of his/her shareholding (expressed as a percentage of the whole) to be represented by each proxy.
4. A Relevant Intermediary may appoint more than 2 proxies, but each proxy must be appointed to exercise the rights attached to a different share or shares held by him (which number and class of shares shall be specified).

“Relevant Intermediary” means:

- a) a banking corporation licensed under the Banking Act (Cap. 19) or a wholly-owned subsidiary of such a banking corporation, whose business includes the provision of nominee services and who holds shares in that capacity; or
 - b) a person holding a capital markets services licence to provide custodial services for securities under the Securities and Futures Act (Cap. 289) and who holds shares in that capacity; or
 - c) the Central Provident Fund Board established by the Central Provident Fund Act (Cap. 36), in respect of shares purchased under the subsidiary legislation made under that Act providing for the making of investments from the contributions and interest standing to the credit of members of the Central Provident Fund, if the Board holds those shares in the capacity of an intermediary pursuant to or in accordance with that subsidiary legislation.
5. Completion and return of this instrument appointing a proxy shall not preclude a member from attending and voting at the Meeting. Any appointment of a proxy or proxies shall be deemed to be revoked if a member attends the meeting in person, and in such event, the Company reserves the right to refuse to admit any person or persons appointed under the instrument of proxy to the Meeting.
 6. The instrument appointing a proxy or proxies must be deposited at the registered office of the Company's Share Registrar, RHT Corporate Advisory Pte. Ltd. at 30 Cecil Street, #19-08 Prudential Tower, Singapore 049712, not less than 48 hours before the time appointed for the AGM.
 7. The instrument appointing a proxy or proxies must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its seal or under the hand of an officer or attorney duly authorised. Where the instrument appointing a proxy or proxies is executed by an attorney on behalf of the appointor, the letter or power of attorney or a duly certified copy thereof must be lodged with the instrument.
 8. A corporation which is a member may authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the AGM, in accordance with section 179 of the Companies Act (Chapter 50) of Singapore.
 9. An investor who holds shares under The Central Provident Fund Investment Scheme (“CPF Investor”) and/or the Supplementary Retirement Scheme (“SRS Investors”) (as may be applicable) may attend and cast his/her vote(s) at the Meeting in person. CPF and SRS Investors who are unable to attend the Meeting but would like to vote, may inform their CPF and/or SRS Approved Nominees to appoint the Chairman of the Meeting to act as their proxy, in which case, the CPF and SRS Investors shall be precluded from attending the Meeting.

General:

The Company shall be entitled to reject the instrument appointing a proxy or proxies if it is incomplete, improperly completed or illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing a proxy or proxies. In addition, in the case of Shares entered in the Depository Register, the Company may reject any instrument appointing a proxy or proxies lodged if the member, being the appointor, is not shown to have Shares entered against his name in the Depository Register as at 72 hours before the time appointed for holding the AGM, as certified by CDP to the Company.

Personal Data Privacy:

By submitting an instrument appointing a proxy(ies) and/or representative(s), the Member accepts and agrees to the personal data privacy terms set out in the Notice of AGM dated 9 April 2020.
